

DENTON

CAROLINE COUNTY

Denton is a small town nestled along the Choptank River on Maryland's Eastern Shore. Located in Caroline County, Denton has been exclusively engaged in agriculture for over three centuries.

★ **Denton, Maryland** ★

NESTLED ALONG THE CHOPTANK RIVER ON MARYLAND'S EASTERN SHORE, DENTON HAS BEEN AN AGRICULTURAL CENTER FOR OVER THREE CENTURIES.

Improved transportation enhanced Denton's position as a trade center and by the time of the Civil War, new stores, shops, schools and churches had been constructed.

Today, Historic Denton is the center of the community. Serving as the Caroline County seat, downtown is home to local, county and professional offices and services, as well as banking and retail areas. The Denton Industrial Park is centrally located between Delaware and the Baltimore-Washington, D.C. metro area. Denton is a close-knit community, entrenched in its agricultural heritage while serving business needs both locally and throughout the tri-state area.

The Museum of Rural Life reflects the unique history of Caroline County and tells the stories of people living in a completely agriculture-based economy. The Historical Society has finished its Millennium project that concentrates on the lives, choices and living spaces of Denton's "country folk."

Denton hosts a variety of events throughout the year. The annual Caroline Summerfest is a free, family-oriented event featuring live entertainment, fine arts and crafts, KidzArt activities, cruises on the Choptank River, food vendors, fireworks, hot-rods and antique car displays. The Farmers' Market also attracts visitors countywide.

Come visit Maryland's Eastern Shore and experience all Denton has to offer!
